

WHAT IS ADULT COMMUNITY EDUCATION?

Community Education is a portion of your public school system that has been designed for individuals to meet the ever-increasing, ever-changing needs of our community. Our program strives to provide well-rounded, quality education at affordable prices.

We offer a wide variety of courses for your personal enrichment and enjoyment. Our Business & Computer and Trade & Industrial classes are designed to improve, upgrade or enhance an individual's skills for employment. Our other classes are provided for those who wish to increase their knowledge of a subject in personal, generally non-worked related areas. It is our goal to provide informative, challenging classes that will be beneficial to our students and our community.

If you are interested in offering a class, please call 573-346-9271.

REFUND/CANCELLATION POLICY

- Full refund will be made if the class is canceled due to insufficient enrollment or the class is filled before your registration is received.
- Each class needs a minimum enrollment, which is decided at least two working days before the start of class. Thus, withdrawal requests must be received three working days prior to start of class.
- If you are dissatisfied with a class that meets more than two sessions, please contact us within one working day for a refund of tuition (no refund of textbooks or materials).
- Course information in this brochure is based on conditions at the time of printing and is subject to change.
- If Camdenton R-III cancels school or dismissed early, **NO NIGHT CLASSES WILL BE HELD**. Cancellations announced on these radio stations:

February is Career & Technical Education Month

LAKE CAREER & TECHNICAL CENTER

As designated by Congress, February is Career and Technical Education Month in Missouri. Career education programs are an important part of the comprehensive curriculum available to high school students, as well as provide adults with many options for career and technology education.

While nearly 20% of the jobs will require at least a bachelor's degree, more than 80% will require some education or training after high school – an associate degree, technical school or on-the-job training. Career education combines academics and occupational skill training to prepare today's students to develop the skills and habits that will get them started on their career paths.

LCTC offers the following courses during the regular school year: Agricultural Education, Computer Integration, Construction, Culinary, Graphics Technology, Health Sciences, Metal Fabrication, Pre-Teacher Education and Transportation (including but not limited to Automotive Technology, Collision Repair, Marine Power & Extreme Sports Technology).

COURSE DESCRIPTIONS

BUSINESS & COMPUTERS

KNOWLEDGE OF THE TYPING KEYBOARD & MOUSE IS REQUIRED FOR ALL COMPUTER CLASSES.

MS OFFICE 2010

Microsoft Office 2010 will provide hands-on experience using word processing (Word), presentation (PowerPoint), spreadsheet (Excel), and publishing (Publisher) software to create professional business documents. This class is for beginners and/or intermediate students. Curriculum will be individualized projects so you can work at your own pace for hands-on training. Bring a flash drive to save projects.

CRAFTS

BASKET WEAVING

During this one-day class, Robin Jones will show you how to make a Williamsburg basket (10x10 bottom with round top). Make this unique-shaped basket even more special with your own touch of color and/or stain. Once it dries, you will need to seal it with spray. These make great gifts for any occasion. Bring a sack lunch and enjoy the day. All materials are provided; limit of 10.

MINIATURE FAIRY GARDENS

***NEW**

Design a miniature garden fit for fairies or gnomes. In this class you

will receive a garden kit with plants and everything you need to make a beautiful miniature garden to brighten up that special place. Cost of materials included in fee. Registration deadline March 26.

SWEET POTATO CARVING FOR CHILDREN

This is a one-night beginner carving class for children ages 8-13. They will carve a face using a sweet potato and child-safe wooden tools.

As the carving dries over the course of a month, it hardens and takes on a new identity.

All materials furnished. Parents are welcome to observe. Two classes offered; limited to 12 students each night.

WOODCARVING I

This class will teach you the basics of woodcarving. Instruction will be on tools, materials and techniques used in woodcarving. Students will carve two projects: a relief and an in-the-round carving. Wood will be provided along with tools for in-class use. Fees include cost of materials. Class offered by Lake of the Ozarks Woodcarvers. Limit of 12 students.

FOOD

ADVANCED DUTCH OVEN

COOKING *NEW

Cast iron cookware is easy to use once you know how! In this class we will help and guide you in the use of cast iron cookware and answer questions you may have, all while preparing (and eating!) some delicious Dutch oven recipes together. This class is appropriate for beginner or novice cast iron cooks, as well as experienced cooks. One of the more advanced cooking topics covered will include baking in Dutch ovens. Fee includes cost of supplies. We will be cooking outside, so please dress appropriately. (Rain date May 8)

WINE PAIRING

*NEW SERIES

Lake Area Foodies
– come join Chef

Paul Word for wine pairing and upscale hors d'oeuvre ideas. Mondays we will meet at LCTC to discuss the basic principles of creating small dishes and appetizers and do preliminary food preparation. Tuesday we will meet at Seven Springs Winery as they host our tastings and offer their opinions on what wine pairs well with our dishes we finish on site. We will be making canapés, sates, crudités, tapas, meat and pasta salads, meat balls, meat and cheese trays and many others. You don't want to miss out on this chance to learn tips, techniques and recipes that will make your gatherings unforgettable. Each class will have a different focus, so enroll in each one for a well-rounded understanding of wine pairing. Monday classes held at LCTC, Tuesday at Seven Springs Winery, 846 Winery Hills Estates, Linn

Creek (Exit Y Road and follow the signs to Winery Hills Estates Road, Linn Creek). 10-15 students per class.

PERSONAL ENRICHMENT

GUIDING LICENSE COURSE OPERATOR OF UNINSPECTED PASSENGER VESSELS - RESTRICTED

- This course satisfies the Coast Guard requirements for boating safety training in order to obtain a fishing guide license. (All other qualifications must be met, as well.)
- This course is intended to meet the requirements of 46 CFR 10.910 regarding the qualifications of those seeking a license to operate uninspected passenger vessels carrying six or fewer passengers on a route limited to Lake of the Ozarks, Lake Taneycomo, Table Rock Lake and/or Bull Shoals Lake in Missouri.
- Candidates will need to provide proof of a Red Cross or American Heart Association First Aid/CPR course completion within the previous year. [Go to www.lakeregional.com/Events for a schedule of classes.]
- The Coast Guard requires applicants for a license to hold a Transportation Worker Identification Credential (TWIC). It is not mandatory to have a TWIC before the class, but the Coast Guard will not issue a license until the candidate has obtained a TWIC. Class tuition will not be refunded if the candidate fails the security screening. For information on obtaining a TWIC, see www.tsa.gov/twic. Cost not included in class fee.

- The Coast Guard charges user fees for licensing services (\$100 evaluation fee and a \$45 issue fee). These costs are not included in class fee but must be paid before the Coast Guard will issue a license.
- As required by the Coast Guard, students must be capable of reading and writing English at a minimum sixth grade level. Students will self-certify at the time of application. (see Coast Guard requirements at www.uscg.mil/nmc/faq/general_requirements.asp).
- Candidate must be able to pass a physical exam and drug test before a license will be issued. Class tuition will not be refunded if the candidate fails either of these tests.
- Deadline to enroll January 10, 2014.
- Disclaimer: Completing this course is not a guarantee the student will receive a license. The instructor will help students meet the academic requirements and assist in meeting the administrative requirements. The Coast Guard makes the final decision whether the applicant meets all requirements to be issued a license.

HUMMINGBIRDS

We're fascinated by these little summertime visitors and dutifully hang out our feeders; yet, there is so much more to know about them. In this class you will learn how to attract them and keep them coming back year after year. We'll unlock the mysteries and answer all your questions.

TRADE & INDUSTRIAL/ HEALTH CARE

CNA CLASSES -- CERTIFIED NURSING ASSISTANT

CNAs are in high demand with a variety of opportunities in the medical field, including hospitals, nursing homes, hospice, home health, clinics and doctor's offices. The next class offered by Preferred Futures will begin April 1. To register call Preferred Futures Healthcare Academy at 660-422-8377 or visit their website at www.preferredfutureseducation.com. Classes are held at LCTC and will include clinicals. Course pending upon minimum required number of students. Registration deadline is March 25. 

INTRO TO FURNITURE MAKING

This class is an introduction to making furniture from wood. We will look at the basic elements of design, construction and joinery (mortise and tenon), as well as a method for finishing. To accomplish this we will make a small table. Fee includes cost of materials. February 7 deadline to enroll; limit of 10.

WELDING/ MACHINE TOOL

This course offers the basics of either welding or machine shop (your choice). Welders may receive training using gas metal arc welding, gas tungsten arc welding, shielded metal arc welding, manual/automated plasma arc cutting and oxy-fuel cutting. Machinists may receive training on engine lathes, vertical mills and surface grinders. Individual projects are encouraged as the basic method of instruction. Fee includes cost of basic materials; additional charges for custom metal art projects.
