## Content Area: Math

| Strand: <br> Create and interpret histograms, scatterplots, stem and leaf plots, and calculate and <br> interpret measures of central tendency | Missouri <br> GLE: |
| :--- | :--- |
| 5.1.C.9 Unit |  |
| Reporting Topic: Make stem-n-leaf plots and histograms |  |
| Grade: Algebra I |  |

| $\begin{array}{\|l\|} \hline \text { Score } \\ 4.0 \end{array}$ | In addition to Score 3.0, in-depth inferences or applications that go beyond what was taught. For example, the student may: <br> Interpret the stem-n-leaf plot or histogram and determine how manipulating the data could change the plot or histogram. |
| :---: | :---: |
|  | 3.5 In addition to 3.0 performance, in-depth inferences and applications with partial success. |
| $\begin{array}{\|l\|} \hline \text { Score } \\ \mathbf{3 . 0} \\ \hline \end{array}$ | The student will: <br> Be able to take a set of data and construct a stem-n-leaf plot and histogram. <br> The student exhibits no major errors or gaps in the learning goal (complex ideas and processes). |
|  | 2.5 No major errors or gaps in $\mathbf{2 . 0}$ content and partial knowledge of $\mathbf{3 . 0}$ content. |
| $\begin{array}{\|l\|} \hline \text { Score } \\ \hline 2.0 \\ \hline \end{array}$ | The student will: <br> Be able to take a set of data and construct a stem-n-leaf plot or a histogram. <br> The student exhibits no major errors or gaps in the simpler details and processes. |
|  | 1.5 Partial understanding of the 2.0 content will major errors or gaps in 3.0 content. |
| $\begin{array}{\|l\|} \hline \text { Score } \\ \hline 1.0 \\ \hline \end{array}$ | With help, a partial understanding of the $\mathbf{2 . 0}$ content and some of the $\mathbf{3 . 0}$ content. |
|  | 0.5 With help, a partial understanding of the 2.0 content and some of the 3.0 content. |
| $\begin{array}{\|l\|} \hline \text { Score } \\ \hline 0.0 \\ \hline \end{array}$ | Even with help, no understanding or skill demonstrated. |
