## Content Area: Math

| Strand: Algebraic Relationships | Missouri <br> GLE: A4A |
| :--- | :---: |
| Reporting Topic:Analyze the nature of change (including slope and intercepts) in quantities in linear relationships | DOK 3 |
| Grade: 8th |  |

| $\begin{gathered} \text { Score } \\ 4.0 \end{gathered}$ | In addition to Score 3.0, in-depth inferences or applications that go beyond what was taught. For example, the student may: <br> - Apply slope and intercepts to real-life situations <br> - Write equations in slope-intercept form. |
| :---: | :---: |
|  | 3.5 In addition to 3.0 performance, in-depth inferences and applications with partial success. |
| $\begin{gathered} \text { Score } \\ 3.0 \end{gathered}$ | The student will: <br> Make comparisons between two linear equations using the slope and intercepts of each equation. <br> Given a linear equation, analyze the changes that occur in intercepts of the new equation created by changing the slope. <br> Given a linear equation (not passing through the origin) and its graph, identify the orderd pair on a line parallel which passes through the origin. <br> The student exhibits no major errors or gaps in the learning goal (complex ideas and processes). |
|  | 2.5 No major errors or gaps in 2.0 content and partial knowledge of 3.0 content. |
| $\begin{gathered} \text { Score } \\ 2.0 \end{gathered}$ | The student will: <br> Given a table, graph or a linear equation identify the slope, the $x$-intercept and the $y$ intercept of a line. <br> The student exhibits no major errors or gaps in the simpler details and processes. |
|  | 1.5 Partial understanding of the 2.0 content with major errors or gaps in 3.0 content. |
| $\begin{gathered} \hline \text { Score } \\ 1.0 \end{gathered}$ | With help, a partial understanding of the 2.0 content and some of the 3.0 content. |
|  | 0.5 With help, a partial understand of the 2.0 content and none of the 3.0 content. |
| $\begin{gathered} \text { Score } \\ 0.0 \end{gathered}$ | Even with help, no understanding or skill demonstrated. |
