Diabetes Facts
- 29 million Americans have diabetes
- 5% weight loss can improve health

Why is insulin important?
- Insulin carries sugar (what the brain uses for energy) to the cells where it can be used
- Having too much sugar in your blood can be harmful to your body, so it is important to manage it carefully

Where do I start?
- Taking medications as prescribed is one of the MOST important ways to help control diabetes
- Log into www.medtrakrx.com/login for ways to start living healthier
