"Steering the Course for the Future"

McDuffey Joins Camdenton Education Foundation Board

Since incorporating as a not-for-profit organization in 2001, the Camdenton R-III School District Education Foundation has been "Steering the Course for the Future" for students and teachers, and now welcomes Mickey McDuffey to participate in that endeavor.

McDuffey has lived at the lake since 1976. She is the parent of two Camdenton alums and has four grandchildren currently in Camdenton School District attending the Middle School and High School. She is an active community and school volunteer, having served as the chairperson of the Camdenton Schools Facilities Task Force that recommended the building of the present high school, as a past president of the Camdenton Area Chamber of Commerce and as chairman of the Camden County Planning and Zoning Commission. She has her degree in secondary math education from Missouri State, taught math in the Camdenton High School for three years and is now a retired business owner.

"I am honored and pleased to serve on the Camdenton Education Foundation Board. Our family has received so much from the Camdenton School District, and I look forward to supporting the efforts of the Foundation to continue this proud education commitment to our students, staff and community," says McDuffey.

The Camdenton Education Foundation has served as a vital School District partner awarding 76 graduating senior scholarships since its inception. The Foundation continues delivering supplemental funding for educational programs and activities aimed at broadening Camdenton students' and teachers' personal achievement. In the past three years, the Foundation funded 13 classroom grants impacting over 1000 students across all campus facilities, in addition to awarding seven Educator Scholarships for advanced degrees.
