# Camdenton R-III School District

*Everyone Learning Every Day*

PO Box 1409  
Camdenton, MO 65020-1409  
Phone: 573-346-9213 Fax: 573-346-9211

**Superintendent**  
Tim Hadfield, Ed.D.

**Assistant Superintendents**  
Ryan Neal, Ed.D.  
Julie Dill, Ed.D.

Dear Patrons,

On the pages that follow, you will be introduced to the greatest resources of the Camdenton R-III School District, our students and staff. Our students are dedicated to the activities in which they participate and strive to represent our district in a positive manner. Our students are supported by skilled coaches, directors, and sponsors. These dedicated staff members not only teach the necessary skills of the activities they promote, they also instill life-long values. These efforts assist us on our path to meet our vision of *“Everyone Learning Every Day”*.

Camdenton is known as one of the premier school districts in the state of Missouri. We are fortunate to have first-class facilities, thanks to the support of our patrons. Our district is ready to surpass last year’s accomplishments this school term whether it be on the field, on the court, or in the classroom. **“Purple Pride”** runs deep in our community and we thank you for your support of our students and staff.

Please continue to support our students and sponsors by displaying positive Laker Pride. Your example assists our students to continue the proud traditions of **“Laker Nation”**. Our entire school community encourages you to enjoy our activities. We look forward to cheering with you to support our amazing students.

It's a Great Day to be a Laker!

Tim Hadfield, Superintendent

Attention Senior Laker Fans: Passes are available at the Administration Office for community members 60 years of age and older. These passes allow the bearer to attend all school athletic activities free of charge with the exception of state-sponsored activities.

## Welcome to Camdenon High School “Home of the Lakers” Brett Thompson, Principal

Welcome to Camdenon High School, *Home of the Lakers!* It is certainly an exciting time to be a Laker, and we are looking forward to a successful season of CHS activities.

With the hard work and commitment of our students, coaches, and sponsors, we are sure to continue that winning

Laker tradition that is second to none.

As we look forward to a new season of activities, we want to thank our community for the remarkable support provided to our students and our school. By working together, we are sure to maintain a positive learning community for our students and help them achieve great successes both in the classroom and on the field.

Extra-curricular programs are an extension of the classroom, and they play a significant role in our students' education. Participation in these activities allows students to realize the importance of individual responsibility, competition, and teamwork, all of which will contribute to their future accomplishments. Through their commitment to team success, students also learn valuable lessons regarding character and sportsmanship that not only help them succeed on the field of play, but also provide them experiences that allow them to become productive citizens and adults.

I encourage you to continue to support our students and recognize their efforts by displaying that positive “**Laker Pride**” for your school, your teams, and your community. We look forward to seeing you at our events this year.

**Go Lakers!!!**

## Jeff Whitney, Director of Athletics and Activities

Welcome to the 2015-16 year of great high school athletics and activities. Extra-curricular activities play a very special part in our school's educational program. Our school and community are dedicated to our students' pursuit of excellence and the values taught by interscholastic competition.

The playing field is viewed as an extension of the classroom where lessons about sportsmanship, self-discipline, and perseverance are often learned. In addition, these competitive endeavors offer opportunities for students from diverse backgrounds to learn the value of teamwork, cooperation and mutual respect. We know that qualities such as these will help develop the productive citizens and sound leadership of tomorrow.

As spectators, we too are an important part of this “classroom” and the lessons taught. Unsportsmanlike behavior is counter-productive to the lessons we are trying to teach in interscholastic activities. In addition,

it creates a very uncomfortable environment for those who have come out to support our teams and wish to enjoy the game. Abusive behavior toward opponents, officials, coaches or other fans is not acceptable behavior at a high school event. All too often when adversity arises at a high school experience the reaction is to behave in a negative manner when in fact we should react in a positive manner by cheering for our own team. The constructive actions we reveal and the positive encouragement we give at interscholastic athletic events and other high school activities help create a great atmosphere and one that our students and community can be proud to be a part of. With this in mind, it is essential that we serve as positive examples for our student body. Officials, coaches, and student athletes will often fall short of perfection; this is to be expected. Adversity is an important part of the interscholastic classroom. When we embrace it as a positive experience we can make it a great learning opportunity for our student-athletes. Enjoy the contests scheduled this season -- our students and coaches, as well as our visiting officials, have worked extremely hard to give their very best performance.

**Go Lakers!!!**

# Laker Basketball

Coach Jared O'Quinn begins his third year as head coach of the Lakers Basketball program. The 2015-2016 Lakers feature a great mix of returning lettermen and newcomers that should provide for an entertaining season. The commitment level of this off-season was great and we are confident that will help us in Conference and District play. The Ozark Conference is tough as always, but we feel our experience and our depth will help us compete each and every game.

The coaching staff is very excited about this group as a whole. With the leadership of the returning lettermen and with the continued improvement of the newcomers, we should feature a team with a lot of depth and balance. *"We have a great group of guys who have improved every year they have been in the program; they do a good job of sharing the basketball and playing for each other. The seniors this season are looking to put their mark on Camdenton Basketball. We feel the work we did this off-season has prepared us for this."*-- Coach O'Quinn

The varsity Lakers feature a number of returning lettermen who are determined to prove that they are ready to take the Laker Basketball program to the next level. This season's returning lettermen include: seniors Michael Hake, Brady Kempf, Hunter Hood, Braden Demark and junior Dyllan Decker. This year's team also has several newcomers at the varsity level, including: seniors Riley Shriver and Kyle Snyder, junior Hunter Glynn and sophomores Josh Semau, Connor Graves, and Jackson Ezard. We are expecting these players to step up and make the jump to the next level this season.

This year's team has taken on a new identity and, in doing this, are now focusing on the process of success. We want our players to have the ability to accept the process of focusing on doing their jobs to the best of their abilities each and every day. We want to provide maximum effort, and never be outworked. We must have a high level of mental toughness and the ability to handle adversity. Finally, we are striving to be great teammates, accept our given roles and always do what's best for the team. *"Outworking our opponents and improving defensively as the season goes on are big keys for us. Also, developing and understanding our roles on this team will be vital to our success."* -- Coach O'Quinn

The junior varsity will once again be led by Kirk Richey. Coach Richey is very important to the success of the Laker Basketball program, as he is one of the best in the state in preparing student athletes for the next level. His knowledge and enthusiasm for the game is contagious and the players will gain from that throughout the season. The freshman Lakers will be coached by Chad Brauer. Coach Brauer is in his fourth year of coaching freshman

## Laker All-State Basketball Players

basketball and does a great job of introducing them to high school basketball and helping each player enhance their skill level. The Laker coaching staff has added the services of Paul Sutton this season; we are excited about what new opportunities this has added for the players. Coach Sutton will assist at all levels and will aid in player development and game preparation.

The Camdenton Laker Basketball program would like to thank the parents, fans, community, and our great school for their continued support. The players and coaches are excited about the 2015-2016 season and we hope to see you at the games.

# Laker Basketball Seniors

## #3 Braden Demark

“The past five years of Camdenton Basketball have just flown by. I want to thank my coaches and teammates for pushing me to get better on and off the court. I’m looking forward to one last season with the guys. My favorite team moment is definitely when our team upset the one seed of the tournament after scoring 97 points.”

## #5 Michael Hake

“This year I hope we win more games than last. I want our team together as a whole unit. Playing varsity for four years has taught me a lot. I love playing basketball; I look up to the guys before me as they taught me so much. I’ll never forget my ‘shot’ that went in vs. Waynesville my freshman year. I plan on attending MACC in Columbia and get an education. I thank my coaches for the opportunity and time they give us year round.”

## #10 Kyle Snyder

“I am looking forward to my senior year of playing basketball. I remember when, in practice, Coach O’Quinn would say that is ‘unlucky’; for some reason I got a kick out of it.”

## #12 Brady Kempf

“It’s been an honor to be a part of Camdenton Laker Basketball since seventh grade. The relationships that I’ve built with my coaches and teammates will stick with me for the rest of my life. Basketball has made me a better person on and off the court. It has taught me about leadership, hard work, and dedication. I look forward to a successful season on the court, and continuing the tradition of Laker Basketball.”

## #15 Hunter Hood

“In basketball I have experienced a family outside of my own. Through the four years I have played, it has had a lasting impact on my life. I have also gotten to be with the same guys for the last four years to be able to dominate the other teams together. Lebanon is always a team we look forward to obliterating. Last year, the boys and I made 20 three-pointers and we beat the number one seed in the tournament as a jv team. My favorite moments are just the bus rides because the bond we make is inseparable. I remember my freshman year -- I was 5’11” and 140 lbs; now I’m a senior and I’m still huge at 6’ and 145 lbs. I plan on taking my education to MACC, then Mizzou for the five-year accounting master’s program. A quote from us boys is, ‘Why shoot 2s when you can shoot 3s.’”

## #24 Riley Shriver

“They say nobody is perfect. Then, they say practice makes perfect. I just wish they would make up their mind.”

# Lady Laker Basketball

“Four years ago, when I accepted the girls basketball head coach position, this senior group was just a bunch of tiny little freshmen. I knew this group of young ladies was a unique and special group. We had something in common with one another: we LOVED, LIVED, and BREATHED basketball. There is nothing more special than finding a team that shares the same passion that I do as a coach. Our goal was to continue to improve Camdenton Lady Laker Basketball each year; I feel we have done just that. As freshmen, the Lady Lakers improved their season with a strong record of 18-8, in 2014 they won an Ozark Conference title for the first time in Camdenton history, and in 2015 the team extended the season with a District Championship. I know they did not do this all by themselves - they have had outstanding teammates along the way. One thing is for sure, though -- the Lady Lakers would not have accomplished nearly what they have if it wasn't for the hard work, strong leadership, and determination that have been displayed from the very beginning.

Needless to say, we are expecting to accomplish great things this season with almost everyone returning from the 2015 team. We are prepared and ready to have our strongest season yet. Due to two previous knee injuries, senior Natalie Spraggins will be sitting this season out. We will definitely miss her presence, but I completely understand and support her decision, and I know without a doubt it was a tough one for her to make.

On the bright side, we will be returning eight varsity players, including four seniors (All-Conference Honorable Mention and All-District Sophie Shore, All-Conference and All-District Bailey Rezabek, All-District Alyssa Ripley, and Kendall Spraggins), two juniors (Blair Kurtz and Tegan Shockley), and two sophomores (Abbie Miller and Kylie Meier). It is an honor to coach such an outstanding group of young ladies; I am very proud of the effort and sacrifices they have made this past summer to make this season a successful one.

We are not satisfied with last season's record of 15-14, but I believe it helped motivate not only our coaching staff but our athletes to find what we need to do to continue to better our play.

*Bailey Rezabek*, two-time All-Conference, three-time All-District, and three-time Academic All-Conference Honorable Mention has, committed to play at Southwest Baptist University next season. Bailey has a lot of strong qualities, but one of my favorites would be her

determination and desire to get better every time she steps on the court -- which is a great quality when you are the point guard and captain of the team.

*Sophie Shore*, All-Conference Honorable Mention, two-time All-District, and three-time Academic All-Conference, has committed to play at Evangel University next season. Sophie is a game changer; I love the intensity and heart that she puts into the game. She is also a strong leader both on and off the floor.

*Alyssa Ripley*, All-Conference Honorable Mention, All-District, three-time Academic All-Conference, is a strong player both offensively and defensively in the paint for us. 'Rip' has improved her game every season, so I am excited to see what she brings to the court for the 2015-2016 season.

*Kendall Spraggins*, three-time Academic All-Conference, shows great effort and heart on the court. Kendall has to be one of the most unselfish players I have coached. She is always willing to do what is best for the team.

*Blair Kurtz*, two-time Academic All-Conference, is the one who gets our defense going. The intensity and heart she plays with make it very hard to keep her on the sidelines.

*Tegan Shockley*, two-time Academic All-Conference, does a great job for us. She plays so much bigger than what she is in both of her rolls as a post and a guard. I love her heart and effort especially when crashing the boards.

*Kylie Meier*, Academic All-Conference, has so much athletic ability she is just a fun player to watch. With her strong work ethic and competitive attitude, her game will continue to improve throughout the season.

## Camdenton Lady Laker All-State Basketball Players

1979 Suzy Barcomb      1993 Amy Kurtz  
1985 Stacey Miller      1998 Theresa Hayes  
1986 Sherri Gentry

## Ozark Conference Champion 2014, 2015

District Championships - Class 3A  
1979, 1984, 1985, 2015

State Tournament Final Four  
1979 4th Place

*Abbie Miller*, Academic All-Conference, is such a people pleaser and a perfectionist, she never wants to let her team down so she will do anything that is asked of her. I love how coachable she is and her desire to compete.

*Coley Rezabek* is a sophomore, and, although she may not be new to the game of basketball, this will be her first year to play high school basketball for the Lady Lakers. I think she will fit in real well to our style of play. Coley definitely has a competitive spirit and we welcome that with open arms. :)

As a team, the Lady Lakers lead the Conference in academics with a team GPA of a cumulative 3.93.

JV ended last season 7-15. Since we did not have a freshman team last season, our freshmen made up the jv team, so, needless to say, we were a young team. With the majority of that group coming back, including the top three scorers - Carter Demark, Taylor Laufer, and Amber Wilson - I am excited to see what they do this season. One thing I love about this group is their ability to compete; they never give up and are always trying to not only better themselves, but the team.

This is the first year that we have been able to suit three teams - freshman, jv, and varsity. I am very pleased with the effort that our freshman group has been making. I really enjoy this group of young ladies; they are fun and bring a lot of enthusiasm to the program.

Student Assistant: Victoria Lebluy

As the head coach, I am very blessed to have the coaches I have in our program. I could not be more fortunate to work with such great coaches. Sarah Jenkins, jv coach, is going into her fourth season here at Camdenton; she brings enthusiasm and knowledge to the game, and I am fortunate that I have her to utilize on the bench with me as an extra set of eyes. Daniel Moulder will be going into his second year of coaching our freshman program; Moulder does a great job for us. He is always eager to learn more and willing to do whatever it takes to make the program successful. As for our middle school program, 8th grade head coach Lindsey Potts, 7th grade coach Jason Ingold, and assistant coach Rachel Ingold do an outstanding job with our younger players, working with them and teaching them skills needed to move on to the next level. I am so thankful for all of the work they put into helping the Lady Laker Basketball program," states Coach Caffey.

### ***#13 Kendall Spraggins***

“I’m going to miss this - the morning practices, the excitement before the tip off, the roar of crowd. I will miss it all. I’ve been blessed to have gotten to play for four years with my best friends. I wouldn’t have wanted it any other way. I look back on all my basketball seasons and I think they have been some of the best times of my life. I love basketball and I love my team. My teammates have helped me grow into the person I am today and I am so thankful that basketball has truly changed my life and has taught me so much about myself. I will miss everything about this program, but I will always be a Lady Laker.”

### ***# 5 Sophie Shore***

“I’m just so thankful. I’m thankful for the opportunity to get to play one more year with people who I absolutely adore. I want to thank all the coaches, especially Coach Caffey- you have made such a difference in my life. Thanks for always believing in us and keeping us in line - we need it; we wouldn’t be anywhere without our chief. Thanks Mom and Dad, for all the years of traveling and tying shoe laces and everything else in between. To my teammates, my best girls, the very best people I know - we’ve been on this journey for a while now, and I am excited to spend this last season breaking down every barrier with you. I love you all with all my heart and am so grateful that The Lord put us all together for this final year.”

### ***#11 Alyssa Ripley***

“Who knew that four years could pass by so quickly? That’s what they always say, isn’t it? That high school will fly by? Well, somewhere between the endless practices, games, and bus rides, my years of being a high school athlete has flashed before my eyes. But while it is ending, I can look back on these years with nothing but happiness. I was able to play the sport I love with my best friends. I was able to win Conference, win Districts, and become a family with my best friends and I could not have been more blessed.”

### ***#23 Bailey Rezabek***

“It’s crazy how fast time flies by. I am so grateful to get to play with a great group of girls who I can call my best friends. This team has battled through injuries, late nights up doing homework after games, morning practices, and running bricks every year and still accomplished amazing things. The coaches have all pushed me to be the greatest player I can be. I wouldn’t trade my team or coaches for anything. Camdenton Basketball has made me who I am today. I love my team!”

# Camdenton Laker Wrestling

Wrestlers are a special breed of athlete. Wrestlers not only require physical strength, but must have a strong mind and spirit. The last few seasons, the Camdenton Laker Wrestling team has battled among the best teams in the state. Every day in the practice room is a test: Is your body strong enough? Is your mind strong enough? Do you have the will to win? Those who learn to first break their opponent mentally followed by breaking the opponent physically become victorious on the mat and in life. Laker wrestlers battle through a schedule facing such teams as the defending State Champion Neosho Wildcats and the always-tough Jefferson City Jays. Those who are willing to fight through this tough schedule and endure the pain and suffering of the training reap the rewards in the end. Wrestling is a sport where we compete as individuals, yet this sport builds comradery like no other. Wrestlers become a very close family.

The 2015-2016 season will see some new faces. Former varsity assistant coach Joe Herman has been named head coach. New to the program is varsity assistant coach Joe Drake. Coach Drake has been coaching for eight years at the Class 1 level with great success. Former middle school head coach Grant Leighty will be the junior varsity coach as well as varsity assistant. Coach Leighty comes with several years of great experience as a head coach as well as being an accredited official.

This year the Lakers look to seniors Josh Keys, Daniel Meier, Brendon Harmon, Nate Paschel, Josh McDonald, and Shawn O'Connor to fill the shoes of graduated seniors and take leadership of the team. Keys, who has been a leader on the gridiron, takes the same approach on the mat. Keys' season was cut short last year due to an injury; however, with the never-quit attitude he expresses, he is expected to have a break out year and will compete at the 285-pound weight class. Meier, an athlete who doesn't know the word "quit", fell just short last season due to an illness just before Districts. Meier has a "do or die" attitude that every wrestler should have and is looking to move up and wrestle at the 152-pound

weight class. McDonald, a returning two-time letterman, is hoping to follow in his brother's footsteps. McDonald is always willing to learn and will compete at the 106-pound weight class for his fourth season. Coming back to the program after a few years off will be Harmon and Paschel. These two seniors will be great additions to an already very talented senior class. Lakers look for O'Connor to have an exciting year. He has been a great addition to the team and has stepped up several times to compete in the varsity lineup.

The senior class will look to the juniors for assistance in being leaders and pushing the team to always get better. Leading the junior class is Zion Vasquez. Vasquez will be entering his third year in the varsity lineup for the Lakers. He puts in more off-season training than any other athlete on the team and had a turnaround season last year, medaling at the St. Charles Invitational and earning an Honorable Mention at the Conference tournament. Vasquez is looking to compete at the 138-pound weight class. Last year's newcomer to the sport and breakout athlete of the year was David Prather. Prather has earned the nickname "The Energizer Bunny", as he never stops moving. That mentality helped lead him to an extraordinary season as a first-year wrestler, beating several well-experienced opponents. He stepped into the varsity lineup last year when then senior Trevor Casady was sidelined due to an injury. Prather went on to earn second-team All-Conference honors, and fell just short of qualifying for State in one of the hardest District brackets in the state. Notable juniors Holden Garmany and Brandon Finley return to the team and are both looking to help the Lakers achieve their goals on and off the mat.

The Lakers have high hopes for the future because of what we see with the sophomore wrestlers. Winton Neal is joining the Lakers for only his third season on the mat. In two short years, Neal has developed into a great wrestler who learns at an alarming rate. In his first season, Neal won the Rookie of the Year award. Last year, he made a few appearances at the varsity level, and is proving himself as a great leader at a young age. Beau

Hamerlinck made several varsity starts last season, falling just short at Districts. Hamerlinck is looking to compete at the 120-pound weight class. Peter Diaz and Will Morgan join this sophomore class and are developing into solid wrestlers.

The other half of the future building blocks of Laker Wrestling lie in the hands of the incoming freshmen. Ryan Rothove has been a part of the Laker youth program for several years. Last year, Rothove qualified for the youth State tournament. He is looking at competing at the 113/120-pound weight class. Gabe Kurtz, who has had two consecutive exceptional years for the Lakers middle school team, is now looking to make a name for himself at the varsity level. Kurtz was a State medalist last spring at youth State. Joining his brother Hammerlink this year, Braden Cerra has had great success at the middle school level and hopes to help the Lakers achieve their goals as a team on and off the mat. Rounding out the rest of the freshman class are newcomers William Fischer, Parker Ray, and Johnathan Ortiz. These young men are the future of the program.

Every year, the Lakers Wrestling program sets a goal to become better than the previous year. For two consecutive years now we have had two State qualifiers and brought home one medal each year. We strive to produce a "Super Tri-Fecta", meaning that we push ourselves to be the best person, best student, and best athlete we can be.

***"My Spirit is  
unconquerable.  
Fearless I will  
face each foe,  
for I know I am  
capable.  
I don't care  
what's probable.  
Through blood,  
sweat, and tears,  
I am  
UNSTOPPABLE."***

*-Anthony Robles*

## Loaded with Returning Talent!

2015 Ozark Conference 4th place

2015 Record 8-6

District Doubles Champions

Grant Burton and Mason Hadfield

The 2016 Laker Tennis team will return several varsity players with extensive match experience, including third year number one singles player junior Grant Burton. Grant and his 2015 doubles partner, Mason Hadfield, were District 9 doubles champions last season and Grant is looking to add to that success this year. Seniors Hunter Hood, Riley Shriver and Zane Brewer will lead the topside of the varsity line-up this season and will be looked upon for guidance from the new members of the varsity squad. These four outstanding Laker Tennis players have earned numerous victories during their tenure as varsity Lakers. Anchoring the mid line-up of the varsity will be junior Sid Ketcham and sophomore Drew VanHook. These players will need to be extremely consistent from the baseline in order to gain key singles match victories during the 2016 season. The junior varsity will be loaded with returning talent this season. The 2016 junior varsity should have several competitive matches throughout the spring schedule. As a coaching staff, myself and veteran Laker tennis coach Ted Houx are excited to have yet another solid group of incoming freshmen. These freshmen will have to learn the ins-and-outs of match play quickly, but should have no problem with such outstanding athletes in the class! Without a doubt, this will be an exciting, as well as entertaining, 2016 Laker Tennis season on the newly resurfaced and repainted hardcourts! We sincerely hope you make it a point to visit the phenomenal on-campus Laker Tennis complex this season and support your Laker Tennis team!

# Laker Golf 2016

## Golf Seniors

**Seth Crockett**  
 “Golf has been what I look forward to the most every year. We are super competitive, but we have a lot of fun. We get to do a lot of things that other sports don’t, and I’m thankful for our coaches and administrators that make it possible. Golf has been my most memorable experience in high school, and I’m very sad to have it come to an end.”

**Connor Thill**  
 “It has been a fun few years of progress and it was amazing to play in my first ever varsity event.”

**Michael Hake**

“I have enjoyed playing varsity golf since freshman year. I thank the coaches who make it possible to play at nice courses every day for practice and tournaments. Also, I thank my teammates who make practice enjoyable and competitive.”

**Braden Demark**

“Varsity golf has been one of the best experiences I’ve had throughout high school. The boys and coaches are family to me now and I am so thankful for them. We’ve gone through so much together, good and bad. I’m looking forward to one last year with the guys and all the jokes to come.”

**Golf Coach  
Todd Nicklas,  
PGA**

The Laker Golf team looks to add to its 2015 success on the links this year after losing only one senior to graduation last season. Returning to the team this spring will be three-year lettermen Seth Crockett, Braden Demark, and Michael Hake, and one-year letterman Hunter Glynn. Crockett, Demark, and Hake will be joined by fellow seniors Tristan Straw, Connor Thill, and Nick Weber.

# Lady Laker Track 2015

## 2013 Ozark Conference Champions

**Lady Laker  
Track Coach  
John McNabb**

The 2016 Lady Laker Track team looks to build on the success of the 2015 season. Our goals remain the same. We expect to compete for Conference and District championships, and advance as many athletes as possible to the State Track and Field meet. We want to challenge each athlete to give their best effort every time we compete and to improve their performances as we progress through the season.

The 2015 team did well throughout the season. The team finished in the top two in points in four of the six meets where team scores were awarded, highlighted by a first place finish at the Ozark Relays. The girls medaled in the highest number of events ever at the prestigious Girls Nite Out, placing in seven events. Team members also placed in ten events at the Southwest Baptist University Invitational where there were approximately forty schools represented.

While the team placed fifth at the Ozark Conference meet, we were only two points away from a third place finish and seven points from second place. Eight athletes claimed All-Conference awards in nine individual events and two relays by placing in the top four in their events. The 4x100m and 4x200m relays were Conference champions.

The District Track meet, held in Camdenton, was one of the highlights of the season as the team claimed the District second place trophy. Twelve schools were entered in the meet. Six Lady Lakers claimed All-District honors in eight events, which qualified them for the Sectional meet. Twelve girls scored points in fifteen events to help the team place second. Three individuals and one relay team were District champions.

At the Sectional meet six athletes finished in the top four places in four individual events and two relays to advance to the State Track Meet. Seniors Josie Dinsdale and Polly Dinsdale, junior Maisy Borden, sophomore Kristyn Carpenter, and freshmen Kylie Meier and Grace Wormek represented the Lakers at State. The 4x100m relay team of Borden, J. Dinsdale, P. Dinsdale, and Wormek and 300m hurdler Kylie Meier each finished in fifth place, earning All-State honors and set new school records in their events in the process.

Seniors Emily Baker, J. Dinsdale, P. Dinsdale, Lindsey Mough, and Madison Whaley graduated in 2015. Each will be missed this season. Emily ran in the sprints and unfortunately missed most of her senior season due to injuries. She had a fine career highlighted by qualifying for the State meet as a junior. Josie and Polly were also sprinters. Their contributions over their career include going to the State meet as juniors and seniors and being part of a 4x100m relay team that shattered the school

record by 43/100s of a second in an event where records are usually broken by 1000ths. Josie and Polly will also be missed for their leadership and inspiration to all their teammates. Lindsey was new to track as a senior and participated in multiple events. Madison was a two-year letter winner in the shot and discus and was our top thrower as a senior.

*Returning  
All-State Athletes  
Maisy Borden  
Grace Wormek  
Kylie Meier*

The 2016 senior class is a large group with seven seniors. We look to them to provide leadership for this year's team. Nayeli Avendano is a middle-distance runner who has shown improvement each year. She should provide depth in the 800m and 4x800m relay. Stefani Baker is also a middle-distance runner who has shown improvement and continues to grow her competitive spirit. Stephani could be the one athlete who could really make a difference in our 4x800m relay this season. Charley Blair competes in the distance races also. Charley has had great success in cross country this year and is a real leader every day in practice. Her senior season could be something very special. Maisy Borden is a senior who has competed in sprints, long jump and pole vault during her career. She has been to State each of the last two seasons and was part of the record-setting 4x100m relay last year. Maisy has shown an outstanding work ethic and will be a team leader this year. Maisy will be a key to our success this season. Katie Sanders was new to track last year. Katie is an example of someone who gives her best and tries to get better at every practice and every meet, while showing great enthusiasm. Maddie Steingrubey is also a distance runner. Maddie battled injury last year and hopefully can stay away from injuries her senior season. She is always a positive contributor every day of the season. The final senior is Tessa Weber. Tessa has also had injuries that have ended her season early each of the last two seasons. Our goal for Tessa is to avoid injury and to return to peak physical condition, which made her an All-Conference and All-District runner as a freshman.

*Returning State Qualifiers  
Kristyn Carpenter, Grace Wormek,  
Maisy Borden, and Kylie Meier*

## *Returning Letter Winners*

The junior class is small but has already made big contributions in track. Kristyn Carpenter was the District Champion in the 100m hurdles last year. She qualified for State in the hurdles and as a member of the 4x200m relay. Kristyn is an intense competitor who should see an expanded role on the team this year. Daphne Dinsdale was limited by injury as a freshman. She has been one of our top high jumpers and we look to expand her role on the team this year. Mariah Hadfield is a versatile athlete who developed into our top long and triple jumper last season despite having problems with a back injury. As Mariah matures, she should be a real force in her events over the rest of her career. She is another athlete looking for an expanded role this season. Lakota Stark is another of our throwers. She also had injury problems as a sophomore. Hopefully, she will bounce back strong this year.

The sophomore class is a large group that experienced a great deal of success as freshmen. Courtney Brown threw the shot and discus as a freshman and showed improvement through the season. Carter Demark also was a thrower last year and, with hard work, became our best shot putter by season's end. She is a hard worker who can only get better. Alexis Jess was new to track last year and competed in the hurdles and pole vault. Sara McDuffey was a key member of the 4x400m and 4x800m relays last season. She has the potential to become a good middle-distance runner in the future. Kylie Meier worked through her injury and consistently improved throughout the season. While it is rare for a freshman to compete in four events on the varsity, she was a real force in all her events by season's end, finishing as an All-State athlete and school record-holder in the 300m hurdles. Abby Miller is a long and triple jumper who continued to improve all season long. She is another athlete who should fill an expanded role this season and could be a big surprise to the squad. McKenzie Scott is a pole vault specialist who contributed an All-Conference performance last year. She could be a big contributor in her event this season. Angel Varner was an important member

of the 4x400m and 4x800m relays last year. Angel is a hard worker who should make a real difference for us in track over the next three years. Grace Wormek burst on to the track scene last year as a rookie. She earned All-State in the 4x100m relay and was the District Champion in the 100m. She was also part of the 4x200m relay that qualified for State. Grace will benefit from her success last year and will be a key for continued team success.

It is difficult to predict who will be a part of our freshman class as this is written in November. But, the eighth grade class last year was a large group who had both individual and team success during their middle school careers.

Anyone who knows athletics will tell you that a key to the success in sports is having stability in the coaching staff. We are blessed with a group of track coaches who are knowledgeable about the sport and are also really good people. It is an honor to work with this group. This staff has been together for many years. The girls' assistants are Stacy Asante and Bret Enos. Stacy coaches boys' and girls' distance events. Bret coaches all of the pole vaulters. The boys' head coach is Nick Bruck. Nick coaches the throwers and is a former Laker State Champion in the shot put. Boys' assistant coaches are Lance Foulk and Steve Bayless. Lance coaches long and triple jump and Steve coaches high jump and 100m hurdles. Volunteer assistant Dave Weber works with 300m hurdles and 400m runners.

Girls' head coach John McNabb begins his 40th year coaching at Camdenton and his 28th year with the track program. He works with the sprints and sprint relays.

Finally, the track staff would like to thank the Laker Athletic Boosters for their generosity. This past season the boosters purchased an electronic timing system for our program. Thanks, Boosters.

## Lady Laker Track Seniors -- 2015

### **Maisy Borden**

“I can truly say, track made me, ‘me’! Track has given me everything I could want - my best friends, discipline, and honor. Last year, when my 4x100m team got fifth place at State, the best feeling of pride came over me. A relay team must have absolute trust in each other to achieve greatness and that’s just what we did. My high school career in track has been amazing with an Ozark Conference Championship and two State appearances. I have no clue where I would be without my teammates, my coaches, or the sport itself. Even though I’m known for saying, ‘I hate running 24-7’, I do love sprinting! I can’t wait to get this season rolling and we will work hard to achieve greatness again! If you ever have extra time on your hands, make sure to look up at the All-State wall for your favorite relay girls! Go Lakers!”

### **Tessa Weber**

“I have run track many years. I run distance events: 1600m, 3200m, and 4x800m. I set the mile and two mile records my freshman year. I love my team and all of the support; they are like a second family. I can’t wait for the season!”

### **Nayeli Avendano**

“Wow, I can’t even believe that this is my senior year...my last year doing track. I still remember my freshman year like it was yesterday. My freshman year we were Ozark Conference Champions, and

I’m looking forward to being Ozark Conference Champions again. Running for the Lady Lakers has been an amazing experience. Seeing how much I have improved since freshman year is unbelievable. My goal for my senior year is to run the 800m around 2:45 and the mile around six minutes, and in order to get that I will work harder than ever. I’m ready to see what senior year has to bring for me and the team.”

### **Katie Sanders**

“Last year my friends convinced me to run track. It was one of the best decisions I have made throughout high school. During my track season I have learned that hard work pays off. And I am ready for another rewarding season!”

### **Maddie Steingrubey**

“I feel sick, but that’s nothing new. My nerves always do this to me during a race. My heart starts beating rapidly, and my stomach begins to churn. I walk up to my lane and observe my competition. I suddenly realize how long the track looks. I think about backing down, but I know that’s not me. I would regret it in the end. I tell myself, ‘Maddie, you do this all the time. You can do it’. I’m waiting for the announcer’s signal, ‘On Your Mark’ -- I hate that saying, ‘Get Set’ -- deep breath, ‘Pow’-- the gun goes off, and I’m on my way, pushing myself with every step. Before I know it, I’m two laps down with only two more to go. I keep telling myself that I can do it.

## Lady Laker Track All-State Honors

### Maddie Steingrubey, cont.

I keep a steady eye on the girl in front of me, and then I make my move. Suddenly, I'm next to her. My legs are burning, and I begin to question why I even enjoy this sport and all the running. It makes me sick before I start, it makes me hurt during, and I am sick with disappointment if I lose a race. Finally, I've made it to the last stretch. I push those thoughts out of my head, and I kick my legs into gear. 'Faster' I tell myself, as I cross the finish line. I feel a sigh of relief, but then the pain in my legs sets in. Suddenly, I don't care about any of that because I have just accomplished my goal, and I remember again why I love running so much.

Looking back, it's hard to believe that I have improved so much from freshman year. I started out doing high jump and running the 400m. Now, with encouragement from my coaches, I am running the mile. My goal is to run the mile within the six-minute range. I plan to work hard to achieve that goal. Track has been a huge part of my life these last four years, and I'll continue to look forward to running for years to come."

# Laker Boys' Track

Last year's 2015 track season was a huge success. The Laker boys finished second in the District track meet and third in the tough Ozark Conference. The Laker boys qualified two events for the State track meet: Liam Kohler in the 800-meter run, and Aspin Hill in the 300-meter hurdles. Sectional qualifiers were Parker Pitts - shot put, Jake Hill - 100m dash, Alec Burris - triple jump, Jacob Wise - long jump and triple jump. The 4x100 meter relay team of Josh Martin, Aspin Hill, Jacob Wise, and Jacob Hill, the 4x400 meter relay team of Liam Kohler, Jacob Klien, Dyllan Decker, and Aspin Hill.

**Alec Burris**

**Blake Jesse**

**Parker Pitts**

This year's 2016 track season will return a talented senior class. Senior Parker Pitts was last year's District Champion in the shot and should be strong in the throws again. Senior

Blake Jesse chased the sub five-minute mile goal and has improved each year and provides experience for our 4x800 meter relay. Senior Burris had great success in the triple jump and pole vault and may figure on a relay or two this year.

This year's junior class should be a nice complement to the seniors. Junior Decker came on strong last year in the 400 meter races and provided points in the triple jump.

Zack Wise should figure in the 4x100 meter relay and sprints that he ran last spring. Junior

Guisepe Lopez showed his speed in the 400 meter last year and could push for a 4x400 meter relay team spot. Junior Nick Salsman stepped up big on the 4x800 meter varsity relay and should be faster yet after cross country. Junior throwers Braxton Shamburg and Zack Howerly should compete for points this spring. Junior Blake Rambo worked hard to improve in the hurdle races. Distance runner Coleman Roberts should continue to drop his time after a good cross country season.

There are few returning sophomores faster than Jacob Hill. Jacob will be recovering from an ACL injury on the football field. If he can make a strong comeback, he could repeat as the Conference and District Champion in the 100 meter dash. Returning sophomore Nate Martin should compete for a spot on the varsity 4x200 meter relay team. Sophomore Bryce Metcalf started to get the hang of the triple jump and should help the team. Sophomore throwers Lincoln McGuire and Connor Whitney did a nice job in jv meets and will be a year stronger. The word is that there are a couple of sophomore runners who ran in middle school and will rejoin the team this spring and should help score points.

***"The 2016 track season is quickly approaching. With the talented, experienced group returning on the boys' side, the Lakers should be strong once again. We hope to compete at the top of the District and Conference once again this spring in track and are anxious to get ready for spring weather and spring sports,"*** states Coach Bruck.

# One Team, One Purpose, One Mission

## Lady Laker Soccer

**Lady Laker  
Soccer Coach  
Chris Byington**

Last year's Lady Laker Soccer team finished with a record of 16-10 and finished 6-3 in Conference play. The 2015 Lady Lakers won the Moberly Tournament without getting scored on throughout the entire tournament and they also received third place in the Laker Tournament. During Districts, the Lady Lakers took the lead early in the first half against the District Champion Harrisonville team, but eventually fell to Harrisonville as the game closed out. This was a tough loss, so the Lady Lakers have been working harder to prepare for the upcoming season and are ready to put a stamp in the Lady Laker Soccer record books!

The Lady Laker seniors of 2015 will be dearly missed as they really helped shape and lead the season for the 2015 Lady Lakers. They will always be a part of the Lady Laker family and a few of the seniors will continue to play soccer throughout their college careers. Now, the 2016 seniors Katie Bird, Hannah D'Arcy, Karen Diaz,

Hanna Lowther, Kaelin Mosher, and Tessa Weber will be leading the Lady Laker Soccer team as we hope to achieve a District title! I am excited to see these girls grow and continue to pursue excellence on and off the field.

The Lady Laker Soccer team has been working hard in the off-season and is fired up about the season beginning. We have been counting down the days since last season, as we hope to continue to grow as a team and as individuals. With the rich tradition that comes with wearing a Lady Laker Soccer uniform, it will be crucial to continue to strive to work together as one team with the purpose of overcoming any adversity that the season may bring, and have one mission in mind as we get fired up for season to begin: ***One Team, One Purpose, One Mission***. We will need to continue to buy into the system in order to keep the tradition rolling.

We would love to see you out at a few, if not all, of our games this season. We really look to make some improvements in a few areas and hope to be competitive and ready to compete each night. We have a very tough schedule this season, but with enough focus, teamwork, and preparation we feel as though we will be able to come away with some great results.

## 2015 Lady Laker Soccer Honors

***Natalie Schulte* - First Team All-District, First Team All-Conference**

***Hannah Lowther* - Second Team All-Conference**

***Mary Amerine* - All-Conference Honorable Mention**

# Lady Laker Soccer Seniors

**Katie Bird**

“They only keep me on the team to get the balls that go into the creek.”

**Hannah D’Arcy**

“Soccer has been a huge part of my life for the past three years and I am so thankful that I chose to join. The team is so great and I feel blessed that I got to play with these girls! I can’t wait to get out there and play on the field with them for my last year! After high school I plan on attending a four year college for nursing.”

**Karen Diaz**

“My experience with soccer has been incredibly amazing. I was scared to first try out my freshman year but I had some good friends by my side so I knew I was going to make it. It has meant a lot to me to be part of the Lady Laker Soccer team. Seeing everyone grow into strong women, playing the sport they love, has inspired me to become a better player. I love the way the team works together. We win and lose together. We cry, laugh, get angry, and get excited, together. We all come together as one. I really love that. One of my favorite moments would be teaching all the coaches Spanish; they tried so hard at it, it always made me smile! That sure was fun! Also, scoring my first goal the last minute of the last game of my freshman year was exciting for me!

Soccer has made me appreciate real teamwork and the true love that I have for the sport. My first soccer season was like going back five years to the very first time I played the sport. After graduating from high school, I plan to get scholarships to any college to become an accountant or anything related to math. I’m sure Coach Byington and Coach Hines would like that. I’m excited to see how my senior year ends. Thank you to all the coaches who make this amazing experience possible.”

**Hanna Lowther**

“Soccer has developed me as a person immensely! It taught me leadership, how to work hard for something I want, how to stand up and believe in myself, and many more things. I cannot imagine the person I would be without playing all these years. I started playing soccer when I was five; I fell in love with the sport, and here I am now twelve years later. Coach Hunter, Coach Byington, and Coach Calbert have all impacted my life greatly. I also couldn’t ask the Lord to bless me with greater teammates through all my years. I cannot be more proud to be a part of such an incredible program. Playing soccer for the Lady Lakers was the best decision I made all of high school. #TheRealHogs”

**Kaelin Mosher**

“It seems like yesterday when we wore tie-dye purple socks and black elastic Velcro sleeve holders with soccer balls printed on them. Rain, snow, and sunshine, soccer has been part of my life since I was five. I cannot believe this is the last year I will wear the purple Laker uniform with my team. I have been truly blessed to have teammates and coaches who have pushed me to be the person I am today. I am also thankful for my family, who has supported me and my decision to play. I have learned Coach Hunter’s 40-40s were worth it, and I have finally figured out gullible is not where Coach Calbert points his finger. I have never seen anyone get as excited over planks as Coach Byington, and I love the way Coach Hines’ laughter makes the workouts so much better. Aim small, miss small. Let’s Go Gang!”

**Tessa Weber**

“This is my first year playing high school soccer and I’m very excited! I have decided to play because I’ve missed this sport so much. I’m hoping to play midfield because it combines soccer

with a ton of running! Overall, I’m looking forward to this season and can’t wait to see what it has to hold! Let’s Go Lady Lakers!”

# Senior Cheer 2016

## **Bailey Cairns**

“Cheerleading has been the most exciting time of my life. It has taught me responsibility, respect (for my coaches, teammates, myself, and the opposing team’s cheerleaders), and the ability to believe in myself. Six years ago, when I first started cheerleading, I had no idea that I would be where I am today.”

## **Kayla Frentzel**

“I remember being so nervous before cheering my first football game, my freshman year. I remember spending hours and HOURS practicing cheers. I remember fracturing my foot at camp, my sophomore year. I remember the amazing friendships that I made. I remember throwing a pajama party on the bus on the way back from our last game, my junior year. I remember being able to lead my team as a captain with one of my closest friends. I remember games that we won as well as the games that we didn't win. But among all of these memories, I remember the people who have supported me -- my parents, who gladly volunteered so much of their time to a program that I love, my coaches, who strived to not only make me a better cheerleader, but a better person, and the girls that I cheered alongside, who quickly became some of my very best friends. I am so blessed and thankful for these people and their unconditional support: it is because of them that I have all of these memories and many more.”

## **Abbie Kenniston**

“Cheer has always been a part of my life. I’m so lucky to have been asked to call myself a Camdenton Cheerleader for six years now. I remember every year when tryouts came around I would be so nervous. Even trying out my senior year, I was a nervous wreck but as soon as I got to the gym all that went away and it was just me doing the sport I love. It’s been a good six years; I know the last one will be amazing.”

## **Bradi Brewster**

“Cheerleading was a wonderful experience that created memories and friendships that will last a lifetime. I couldn’t be more thankful to have had the opportunity to be a captain with my best friend.”

# Senior Dancers 2016

## Kassondra Denny

“Being on the CHS Dance team is more than just being involved in high school. I have built friendships that will last forever and I went after my dreams. I remember trying to get the courage freshman and sophomore year to try out for the dance team and now here I am, a captain, leader, and senior on the team. Nothing will ever compare to the rush you get when walking on to perform, or all the girls doing ‘Tutti-Fruity’ for good luck before every game. I thank all my teammates and two amazing coaches for being a second family, believing in me, and pushing me to do my best. I’ll greatly miss everything about dance team when I’m in college in Columbia next year. I’m so thankful for my years on dance team and can’t believe it’s coming to an end.”

## Madison Galey

“I have had a passion for dancing ever since I can remember. Nothing can compare to the satisfaction of completing a dance successfully and performing it with style. Dancing is more than just showing up and performing at games; it has become a major part in my life. It has taught me to be a leader and to dedicate time and energy to achieve all of my goals. I am super excited for the season and ready to go out with my girls and show everyone how amazing it can be to come together as a team and accomplish a great dance. I really appreciate the support I have received from coaches, parents, and friends throughout my years of dancing. Thank you so much for all the amazing opportunities. I will never forget my years as a Lady Laker Dancer.”

## Rachel Peth

“Trying out for the dance team was a spontaneous decision for me and I could not be happier. Do what’s out of your comfort zone, and try things you never thought you would try. You won’t regret the opportunities in store for you.”

## Katie Sanders

“The Camdenton Laker Dance team has become more than just a team. After four years I have met many amazing girls who have all become sisters to me. I can’t imagine high school without being on this team. These girls have taught me teamwork and friendship that can never be replaced. I love my team and will miss dancing greatly.”

## Lexi Trent

“The past couple of years of being on the Lakers Dance team have been some of the most memorable years of my life. Switching schools and switching dance teams in the middle of my high school years was not only hard but was extremely nerve racking. I couldn’t have met a group of girls as amazing as the girls here are! They were all so welcoming and made me feel like I belonged. The friendships and bonds I have made while being on dance team are unforgettable and I’m so thankful for it all. I will forever cherish all the dance team parties, dinner dates, performances, and all of the memories. Although I had amazing experiences and met great people, it wasn’t always about the fun. Being on dance team requires determination and tons of dedication and hard work! But in the end, all of the hard work and pushing ourselves to be better paid off and made our dance team really grow! It’s bittersweet; now that it’s time to move on to other things, no matter what, dance will always be a part of me and I am so thankful for all of the things I have learned, and the amazing memories I will keep with me for a lifetime.”

# Fresh Start and Renewed Energy

**Baseball Coach  
Bryce Durnin**

## Camdenton Laker Baseball

The Camdenton Laker Baseball team enters the 2016 baseball season with renewed energy and a lot of unknowns. The first unknown for the Laker Baseball team is the new head coach, Bryce Durnin. Coach Durnin started his coaching career in 2000 with the Liberty Blue Jays in Liberty, MO. As an assistant coach in Liberty, Durnin was a part of a first and third place finish in the Missouri State Baseball Tournament. Durnin was also on

the coaching staff of the 2003 Blue Jay team that was ranked 10th in the nation by the Baseball Coaches Association (BCA) high school baseball poll. Durnin took his first head baseball coaching position at Park Hill South in Kansas City, MO. After stepping away from high school baseball in order to coach his own three boys, Durnin is excited to jump back into the dugout. Coaches Tyler Knight and Dino DeLaurant will accompany Durnin. Knight will continue to lead the junior varsity and DeLaurent, the freshmen.

When describing the only returning senior, Durnin had this to say about Brady Kempf, *"I am still getting to know the baseball players, but when I found out that my only returning senior was shortstop Kempf there was a sense of relief. Brady caught my eye early during the summer baseball camp. He has smooth hands and is just a great overall player and person to build a team around. To have a senior as solid as Kempf at the shortstop position is a big deal. I expect Brady to be a steady fixture in the middle of the infield as well as a table setter at the top of the Lakers batting line-up."*

Supporting Brady is a large group of talented and committed juniors. *"I have been really impressed with the commitment level of the junior class,"* stated Durnin. They are led by returning varsity lettermen Haiden Randall, Dylan McGuire, Parker Stidham, Austin Stamper, and Brogun Betta. Maybe the most intriguing position battle is behind the plate. Although McGuire returns as the starting catcher from the 2015 season, Randall and fellow junior Connor Loge possess skills that will help the Laker lineup in that position. Perhaps more important for Randall will be the expectation for him to drive in runs for the Lakers. Other talented juniors include Nathan Pasley and Stamper. Stamper will be expected to patrol the outfield and work toward being the opening day starting pitcher. Pasley has a varsity frame and will definitely compete for a middle infield position. Juniors Kody Coon, Dalton Reiter, and Cameron Rhoades have spent time at both summer Laker Baseball camps and continue to work hard in the off season. Sophomore Nolan Moriearty displayed a lot of toughness during the summer and could also compete for infield playing time.

Offensively, the Lakers will look to players like Randall and Stidham to drive in runs in the middle of the batting order. Stidham will more than likely hit next to Randall in the lineup. *"Parker is just a special athlete. His size, speed, and strength have caught the eyes of coaches at the next level. He will be asked to do a lot for us this season,"* stated Durnin. Although Kempf is expected to be steady at the top of the line-up, junior Stamper could fill a role at the top of the batting order as well. *"Austin has progressed fast in my short time*

*in Camdenton and has proven to be a very versatile player. I can see asking Austin to fill multiple roles for the Lakers,"* Durnin pointed out. Coach Durnin expects to bring an aggressive style of offense to Camdenton. He continued, *"I want to create a program that offensively refuses to strike out, is able to bunt when needed, and commits to making base running an important aspect of the game."*

Even with their youth, the Lakers look to be solid defensively. The biggest question marks appear to be in the outfield. With juniors Stidham and Stamper expected to be in the pitching rotation, the Lakers will need someone to step up and go get the ball in the outfield. Michael DelMotte and Tyler Leek will be expected to compete for outfield positions as well as sophomore Conner Graves. Other juniors who may look to the outfield for varsity playing time are Mitchell Franklin and Zach Porterfield.

Pitching is always the key in baseball. The Lakers may not have a "shut down" pitcher but they do have some promising arms in Stamper, Stidham, and Betta. Junior Rhoades has shown varsity level pitch control and a great temperament on the mound. Another junior, DelMotte, could be an added bonus to the pitching staff as well as transfer student Michael Brown. Coach Durnin states, *"I have seen DelMotte pitch and he could be a huge factor in getting us over the hump and into the upper half of our conference."* Left-handed pitcher Remington Webb is another junior who looks to get a shot on the mound.

With only one returning senior plus a new head coach, the overall competition for positions and playing time should be at an all-time high. The 2016 season promises a fresh start and renewed energy from players and coaches. *"I am excited about the opportunity to coach baseball again and grateful for the chance to be a part of the Camdenton Laker family,"* enthuses Coach Durnin.

## Academic All-State Senior Brady Kempf

*"I've been playing baseball for as long as I can remember. It's crazy to think that it's already my senior year. From the moment I arrived my freshman year, my fellow teammates and upperclassmen welcomed me with open arms. The coaching staff and my teammates have pushed me to become not only a better baseball player, but a better man away from the field. My favorite moment came when we beat Lebanon in extra innings during my junior year. I look forward to an exciting and successful season of Camdenton Laker Baseball! #GOATS"*

## Baseball All-State Honors

- 2011 - Robbie Hoffman, Shortstop
- 2011 - Jonathan Manning, Utility
- 1993 - Jef Leenerts, Catcher

## Laker Athletic Boosters, Inc., Benefitting the Camdenton R-III Athletic Programs

The following Gold and Purple Sponsors' contributions benefit every Camdenton Laker Student Athlete by providing needs such as equipment, facilities, special programs, and improvements. Contributions from sponsors like these, along with the Camdenton Athletic Booster Club, have exceeded \$750,000 from 1987 through 2015. On behalf of the Camdenton Athletic Boosters, we would like to say THANKS to all of our sponsors. If anyone would like information about the Laker Invitational Golf Tournament, or about being on our sponsor list, please contact Jason Hulett at 346-7272 or John Blair at 346-2235.
